

AUSTRALIAN ICE RACING

**AUSTRALIAN ICE RACING
INCORPORATED**

**NATIONAL RECORD CLAIM
POLICY AND PROCEDURES**

**Version 2
Adopted on 31 May 2015**

The following procedures apply to all National Record claims for both Speed Skating and Short Track Speed Skating.

National record can only be achieved in ISU and AIR sanctioned racing events. AIR sanctioned events for Short Track Speed Skating include Duke Trophy, Australian Open Championships and State Championships. Application must be submitted to AIR General Secretary 30 days before the event date for other Short Track Speed Skating racing events to be sanctioned by AIR. A list of all state and club racing events should be submitted to AIR by all State Members at the mid year AIR General Meeting, usually held in March/April every year.

Refer to Appendix 1 for criteria and requirements for AIR sanctioned events.

These procedures apply to all record claims for the following categories:

- Australian Record (achieved by registered Australian skaters skating in Australia)
- Australian Open Record (achieved by registered Australian and non Australian skaters skating in Australia)
- Australian Overseas Record (achieved by registered Australian skaters in competitions outside of Australia)

For overseas record claim, only Lynx Machine timing will be accepted and record claim must be accompanied by an official protocol.

LYNX MACHINE TIMING

The following procedures will apply for AIR and ISU sanctioned events where Lynx machine is used for official timing and the protocol is readily available to public on the following websites:

- ISU website; or
 - Short Track online website; or
 - Speed Skating results.com website; or
 - AIR website; or
 - State Association website
1. Record claim must be made within 3 months of the record being achieved
 2. Skaters wishing to claim the record is to notify general secretary (generalsecretary@australianiceracing.org) and the AIR Board member who's responsible for maintaining records, and cc their Club President and State Association with the following details:
 - a. Name of the skater
 - b. Name of the competition
 - c. Race number
 - d. Time achieved
 - e. Division for record claim
 - f. Date of time achieved

3. The claim details will be verified by AIR to protocols and competition official websites
4. For AIR sanctioned events other than the Australian Open Championships, Duke Trophy and State Championships, the Lynx photo with the recorded Lynx time must be submitted to AIR
5. Designated AIR Director will update the National Record with * indicating that record is to be ratified by the AIR Board
6. State association will update the State Records accordingly
7. AIR to load updated National Records onto AIR website
8. AIR Board to ratify record claim at Board meeting
9. National record to become official
10. Record holders will be announced at the Australian Open Championships presentation dinner

MANUAL TIMING

For AIR and ISU sanctioned events where manual times are used for official timing, the following procedures will apply:

1. Record claim must be made within 3 months of the record being achieved
2. The record claim must be made using the AIR Record Claim form following the instructions on the form (See Form A for Short Track Speed Skating and Form B for Speed Skating)
3. The completed claim form and an official protocol (refer to protocols on AIR website for examples) should be sent to the AIR General Secretary
4. For AIR sanctioned events other than the Australian Open Championships, Duke Trophy and State Championships, a video footage of the record claim must be submitted to AIR General Secretary. **The camera must be positioned at either the start or finish line in such a position as to clearly see both the start and finish lines from a side-on view.** AIR reserves the right to review any possible conflict of interests between the officials and athlete(s) claiming the record(s) due to immediate family relationship
5. The record claim form must be correctly completed and all documental evidence supplied or the claim will not be processed
6. Designated AIR Director will update the National Record with * indicating that record is to be ratified by the AIR Board
7. State association will update the State Records accordingly
8. AIR to load updated National Records onto AIR website
9. AIR Board to ratify record claim at Board meeting
10. National record to become official
11. Record holders will be announced at the Australian Open Championships presentation dinner

Appendix 1

AIR sanctioned events criteria and requirements

The State member must apply to AIR, no later than 30 days before the event, for the consideration of event sanctioning and recognition of any national record claim with the following information:

1. Name of the event
2. Date and time of the event
3. Venue of the event
4. Method of timing (Lynx or manual time keeping)
5. If manual time keeping method is used, all time keepers must be over the age of 18 years
6. Draft race program (details of divisions, distances and individual races, etc)
7. Anticipated number of participants
8. Qualified officials (refer to Appendix 2) who will be involved
9. Current surveyors certificate of the rink (i.e. the event date must be within 2 years of the date of the certificate)

* **Complete all the entries required on this form and attach a copy of the race protocol or the website address for the official results. WEB ADDRESS:**

1. Australian records are for a registered Australian skater skating in a competition within or outside of Australia in designated 'Long Track' events.

A 'long track' event is one that is skated on an ISU approved 400m oval, skated within a pairing or individually with no assistance from another skater.

If this record was broken during a 'pack style' event, it must be stated under the competition name that the event was 'pack style'. *E.g. North American Championships – Pack Style*
